

There is Safety in Neighbors

President's Message

In the 19 years since the Neighborhood Association was formed we have seen a huge improvement in quality of life in the area as well as a huge increase in development, primarily along Carlisle. We now face a proposed development that could change the face of development in this area – and our quality of life – for decades to come.

THE ISSUE—A proposed development of the Southeast corner of the Wal-Mart parking lot, at Phoenix and Carlisle, just north of American Furniture (the land is actually owned by American). The proposal is for a 10 pump, "high volume" Murphy Oil gas station with a 1200 sq ft. "convenience kiosk." They are also applying for a liquor license and are applying for a special exemption to the Zoning Code to allow them to sell alcohol within 500 feet of a residential area and City park. So, currently there are two issues pending with the City.

1. The Site Development Plan must be approved by the EPC (Environmental Planning Commission) before this can proceed. They are concerned only with issues regarding the development of the site; and
2. The special exemption request for Conditional Use (to sell alcohol) is pending before the Zoning Hearing Officer. There will likely be a third hearing, if these are approved, before the State Liquor Board who actually grants liquor licenses.

Your Board has voted to oppose the development and, if the development is approved, the liquor sales. We believe that adding another gas station and more package liquor sales in the immediate vicinity is unacceptable and invites traffic and traffic flow issues, the likelihood of an increase in crime as well as an increase in drunken transient activity, all of which directly impact the neighborhood.

Each and every one of you can impact this development because you have an opportunity to voice your opinion by submitting written comment or by attending one of the upcoming hearings. (Thanks to you who already have submitted your comments).

For the development itself:

Zoning Hearing (if development is approved this will address the conditional use of the property to sell alcohol—please indicate how this would be harmful/injurious to the neighborhood):

- Ø **Written comments** may be sent: **by US Mail** to the attention of: Vanessa King, Office of Administrative Hearings, 600 2nd St. NW, Albuquerque, NM, 87102 or **by email to: vking@cabq.gov**. These need to be **received by noon on March 15, 2013**.

In person—The Hearing will be held on Tuesday March 19, 2013, starting at 9:00 am in the same building in the basement hearing room. Again this is on a trailing docket and it is unknown as to what time this hearing will actually be called.

- Ø Please reference ZHE Project # 1008124 Case # 12ZHE-80377 in any correspondence and feel free to send your concerns on either or both issues
- Ø Please also provide us a copy of your comments by mail at PO Box 36568, 871876-6568 or by email at bana_nm@yahoo.com; we would like to be able to present resident's comments if we have to also address this at the State level.

The only way we can impact the decisions pending before the City is if we unite and express our opinions. I hope that each of you will take a few minutes to help shape the future of the neighborhood.
